Insertion Rates

Preprint rates are based on cost per thousand (cpm). All dollar expenditures apply toward fulfillment of an existing Dollar Volume contract.

Single-sheet inserts are those measuring up to a maximum of 93.5 square inches (8-1/2" x 11"). All other preprinted inserts (except envelopes) are billed at tabloid-page equivalents by measuring the square inches per page, as follows:

Flexi page: 36 to 80 inches  
 Tab page: 81-138 inches  
 Standard page: 139 + inches

To determine a page count for envelope inserts, calculate the square inches of the envelope to identify square inches per page. Count the envelope and the total pieces enclosed to establish the number of "Tabloid pages".

Minimum size of insert is "4 x 6" and weight is 60#. Maximum folded delivery size must be no larger than 11-3/8" x 11". Irregular, novelty or product sample inserts must have prior written approval from the Publisher before acceptance and delivery. Additional preprint mailing beyond the area covered by regular non-subscriber distribution is available.

We accept materials from Advertisers and printers with quantity counts subject to verification at time of insertion. We may verify count by weight, machine recording or other means at our discretion and will apprise the Advertiser of shortages. We accept responsibility for accurate counts only for inserts printed in-house.

\* 10,000 minimum for national advertising
