2018 DIGITAL PRODUCT RATES

Many of our digital advertising products qualify as enhancers to our print products and offer additional reach and frequency. Digital advertising is critical to the portfolio mix in producing positive results. Use of digital enhancer products helps the advertiser reach minimum frequency thresholds and increases potential results. Make sure to add sufficient impressions to qualify for Enhancer points (noted below).

2018 SUNDAY & DAILY DISPLAY AD PRICING

Display ad pricing is based on the advertiser's quarterly expenditure, the number of ads run in a given time period (Ads/week, Ads/month or Ads/Quarter), the product(s) in which the ad is run, and finally whether the ad is run in a *Daily product or a Sunday product.

If your advertising campaign is targeted for short or longer term results, we have effective frequency pricing designed to get you results. Whether you want results in a week, a month or a quarter our programs are designed to help you get the most from your advertising budget. Because multi-channel advertising increases effectiveness, we further incentivize advertisers to purchase a mix of products to increase reach and enhance results.

These Sunday and Daily rates are used when the advertiser purchases Main News or Northwest News and no other product mix

Preprint Information

Preprint rates are based on cost per thousand (cpm).

Single-sheet inserts are those measuring up to a maximum of 93.5 square inches (8-1/2" \times 11"). All other preprinted inserts, including gatefolds and mini-wraps are billed at tabloid page equivalents by measuring the square inches per page, as follows:

- Flexi page: 36 to 80 inches (divide by 2)
- Tab page: 81-138 inches (use actual pages)
- Standard page: 139-215 inches (multiply by 2)

To determine a page count for envelope inserts, calculate the square inches of the envelope to identify square inches per page. Count the envelope and the total pieces enclosed to establish the number of "Tabloid pages."

Minimum size of insert is " 4×6 " and weight is 60#. Maximum folded delivery size must be no larger than 11-3/8" x 11." Irregular, novelty or product sample inserts must have prior written approval from the Publisher before acceptance and delivery.

We accept materials from Advertisers and printers with quantity counts subject to verification at time of insertion. We may verify count by weight, machine recording or other means at our discretion and will apprise the Advertiser of shortages. We accept responsibility for accurate counts only for inserts printed in-house.

- * 5,000 minimum for local advertising
- * 10,000 minimum for national advertising.
