

Hi Dave,

Looks like a little 3x8 flyer has caused dem Dems in City Hall and on HBO to literally go into fits of apoplexy. Talk about easy to tip apple carts. Our little three month old, 75 member club spends less than three hundred bucks on an endorsement sheet and Chairman Phaedrus and the acolytes in CDA's little Tammany are ready to blame the Lindberg kidnapping on our little civic club.

Suddenly, I get a call from the City Clerk asking me why the Reagan Republicans haven't filed any Sunshine Reports. Susan , the City Clerk and a very nice lady, had our little work of literature appear on her desk (I wonder where that came from?) and she related that "our lawyers" wanted to know why we have not filed. Gulp. . . the lawyers.

Well we have not filed because . . . [left-leaning Hucksters jump to your own ridiculous conclusions here] . . . we haven't spent enough money. We will not break the \$500 threshold on campaign activities in 2009 for Sunshine filing and we spent \$297.86 last Friday on our little flyer endorsing Brannon, Gookin and Adams, which means we did not break the per candidate \$100 threshold requiring an independent expenditure filing. I have attached my email to the city clerks office explaining this. We are going to file a C-4 with the city on the due date tomorrow anyway. . . because I don't want to be blamed for the 17 minute gap or Dukakis riding in a tank.
