INCIDENT NARRATIVE: Stahl, in a GMC Yukon, was stopped on the eastbound shoulder of I90 at milepost 8. He pulled out into traffic, attempting to turn around in the Authorized Vehicle Only crossover. Taft, in a Ford F250 Pickup pulling a trailer, was headed eastbound in the right lane and swerved to avoid Stahl by entering the left lane. Taft collided with Stahl, T-boning Stahl. Both vehicles came to rest in the median. The drivers of both vehicles were transported to KMC with non life-threatening injuries. Alcohol was not a factor. It was raining at the time but the roads were not slick.
