PDC:

Regarding case no: 08-091, it appears an attorney with our local Spokane Center for Justice was unable to, timely file an appeal. I spoke to many who could not due to expertise and because it took time to first find an attorney; willing, capable and specifically knowledgeable of this legal field to pre form this representation. If your St Agency, would allow an appear in this case I believe it would give clarity and direction to all ,your assertions.

Should you not be willing, to allow an appeal please find enclosed a Credit Card Check # 3773 in the amount of \$4,200.00 to, totally satisfy your claim. It is, my understanding that this maximum financial assessment you can levy upon me and any other expense resulting from your order of me, is contested. I will now, be watching to see if you are appropriately and equally dealing with others who have, received PDC complaints.

You have listed, all the expenditures of the referenced political campaign and contributions that will balance with any other, directly from me. Also, have not received public information request of your agency for the paper copies of, the blank filing forms. Lastly, with all notoriety of this case made I personally have not received even one; call, letter or e-mail that was not supportive of me and that is also because the public knows I am of the middle and even lower economic scale that, I do represent.
