### Greenleaf Avenue Structure Fire

The Coeur d'Alene Fire Department (CDAFD) responded to a reported structure fire on Greenleaf Avenue today, April 26, at approximately 1525 hours. Noting a large smoke column visible while responding, the first due officer asked for a second alarm assignment.

Crews arrived on scene of a two-story house with heavy fire involvement in the garage and spreading to the attached home. Hoselines were quickly placed into service and the fire was knocked down. A search of the home found no victims and recovered a live pet.

Crews from CDAFD worked with an engine company from Kootenai County Fire Rescue, as well as, an engine company from Northern Lakes Fire Protective District to get the fire under control quickly.

No injuries were sustained by the home owners or responding firefighters. The cause of the fire is being investigated and is undetermined at this time.
