*The Coeur d'Alene School District Board of Trustees is comprised of five trustees, each hand-picked and appointed to replace a retiring trustee, with only the faces changing these past 25+ years. With the School District in charge of running the elections, getting an independent voice on the board was next to impossible.*

*Now, with Kootenai County in charge of school elections, we MUST elect an independent, conservative trustee to the Board.*

*Our schools are in crisis.*

*Together, we can make a difference!*

*Terri Seymour is a voice for all  
Students - Taxpayers - Parents - Teachers*
