Sheriff Mack has Been a Tireless Crusader for the Bill of Rights

Sheriff Richard Mack, Author, Consultant, Tea Party Activist, Motivational Speaker, Constitutional Scholar, Teacher, and a Professional Lawman.

Richard Mack is a powerful experienced speaker, a strong advocate of states' rights and individual freedoms. You're invited to hear him speak about the County Sheriff Project, the Oath of Office, citizens' personal freedoms and the importance of the office of Sheriff to defend those freedoms.

During Mack's tenure as Sheriff in Graham County, AZ, federal officers informed sheriffs they would be required to enforce the "Brady Bill". Mack along with six other sheriffs, challenged the constitutionality of the Brady Bill and fought it all the way to the US Supreme Court. Three years later, in a landmark 5-4 split decision based on the Tenth Amendment to the United States Constitution, Mack won his case.

"Invited guests are Governor Otter, Senators Crapo and Risch, Congressman Labrador, our State Constitutional Officers, our Idaho legislators and local elected officials".
