Now that the Holy Christmas and New Year holidays are over, it is time to get back to our efforts in restoring our Republic. "You must be the change you wish to see in the world" and "A small body of determined spirits fired by an unquenchable faith in their mission can alter the course of history". (Mahatma Gandhi) We Conservative Republicans must now stand together for the coming elections in order to thwart the strategies of the Progressives.

In a recent email forwarded to me, the Chair of the State Democrat Party boasted, "We got involved in local elections and won 70% of the races we focused on and now we have progressive leadership in cities across our state." And they have "agreed on a 10 year strategic plan". Did they not complain that we Reagan Republicans tried to make city non partisan elections partisan and yet they are claiming victory with 70% wins? Hmmm sounds like part of their strategy.

The winners locally proclaimed to be "balanced" and I have seen that word used extensively in their writings. The truth is that the progressive plan is to win elections in a conservative state through deception, all the while manipulating our various groups into conflict.

This is not the time for indifference my friends, on our side we have the #s as long as we are motivated. We also have the truth, "Truth will ultimately prevail where there is pains to bring it to light".(George Washington) It is time to be bold and stand for Life, Liberty and Property as our Founders espoused. If we do not stand now for something then we stand for nothing.

There are many important issues starting in the State Legislature tomorrow. Do we keep or fight Obamacare. Will we allow Common Core centralized government education rue the day? Will Idaho accept medicaid expansion that will further strap us to future debt? Is there enough will to nullify the Federal Government if it does not follow the Constitution? "Concentrated power has always been the enemy of liberty". (Ronald Reagan)

There will be state and county election primaries in May and candidates are already lining up. The time is here to let your wishes be known as to the values and principles you want from a candidate. Do you want Status Quo? Or do you want a person who believes "Man is not free unless government is limited." (Ronald Reagan)

This year let's work together to rebuild our once strong moral nation. Our children have only each one of us working together to restore their ability to achieve the American Dream that we once had before we put the burden of Trillions of dollars of debt onto them and their children. It is incumbent on us to right the wrongs of wasteful spending. We can start right here in Kootenai County, we must not be afraid to do what is right. Start by joining the Reagan Republicans or any other group that will promote self reliance and limited government and most importantly we need to ask God for forgiveness and pray that he will heal this land and strengthen our hearts that we may have the courage to do what is right.
