## **KOOTENAI COUNTY SHERIFF'S OFFICE TAKING BACK UNWANTED PRESCRIPTION DRUGS SEPTEMBER 27 AT HAYDEN ALBERTSON'S GROCERY STORE.**

**Hayden, Idaho** – On September 27 from 10 a.m. to 2 p.m. the Kootenai County Sheriff's Office and the Drug Enforcement Administration (DEA) will give the public its ninth opportunity in four years to prevent pill abuse and theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs. Bring your pills for disposal to the Hayden Albertson's Grocery Store at 161 W. Prairie Ave, Hayden, ID. (The DEA cannot accept liquids or needles or sharps, only pills or patches.) The service is free and anonymous, no questions asked.

Last April, Americans turned in 390 tons (over 780,000 pounds) of prescription drugs at nearly 6,100 sites operated by the DEA and more than 4,400 of its state and local law enforcement partners. When those results are combined with what was collected in its eight previous *Take Back* events, DEA and its partners have taken in over 4.1 million pounds—more than 2,100 tons—of pills.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse, and abuse. Rates of prescription drug abuse in the U.S. are alarmingly high, as are the number of accidental poisonings and overdoses due to these drugs. Studies show that a majority of abused prescription drugs are obtained from family and friends, including from the home medicine cabinet. In addition, Americans are now advised that their usual methods for disposing of unused medicines—flushing them down the toilet or throwing them in the trash—both pose potential safety and health hazards.
