

Post Falls Police Department activities report – Sept. 30-Oct. 1:

Night Shift:

Night shift was pretty quiet with not much to report, possibly due to the cooler weather. Officers handled approximately 8 calls for service, including:

Welfare Check on E Mullan Ave - Male called to say he was speaking with his girlfriend when she advised she thought she heard someone come into her apartment and said she would call him back. RP wanted officers to check on his girlfriend to make sure she was ok. Officers arrived on scene to find the doors locked and the female not answering the door or her cell phone. Officers could see into the apartment and everything appeared as if it were ok; however the landlord was contacted for a key and officers located the female inside. It appeared that she had been drinking and fell asleep.

Runaway Juvenile - Caller stated her grandson had left the residence at 1200 hours and hadn't returned home yet. RP stated this is not a rare occurrence for him. No locations were given for officers to look for the juvenile. A report was taken and forwarded it to the SROs for follow up.

Lost & Found:

An Iphone was found in the area of Poleline Ave & Mackenzie Dr. today. It appears to belong to a 2014 graduate. If you have recently lost your Iphone, please CALL the police department at 773-3517, reference 14PF19426, with a full description to claim your phone.
