There were many other calls to service, but nothing major to report

Night Shift Log:

Night shift responded to 14 calls for service including 4 medical assists, 1 business alarm and 1 fire alarm. There were no noteworthy calls to report. Have a great day Post Falls.

Swing Shift:

Shoplifter at Wal-Mart East

Asset protection observed a female trying to leave the store with a container of Pop-Corn Chicken and ranch dressing without attempting to pay for the items. They were able to apprehend the female prior to leaving but declined petit theft charges against her. They did request she be trespassed from all Wal-Marts.

Found property at Wal-Mart East

RP found a black leather notebook with loose papers inside. We were unable to locate the owner so it was placed into evidence for safe keeping.

Agency assist for Probation & Parole

P&P called for assistance after the male at his residence refused to answer the door and allow them entrance. The male was on Felony P&P for DUI. Once officers arrive he opened the door but then became uncooperative and physical with P&P officers. The male had been drinking which was a violation of his probation status. The male was placed under arrest by P&P. He was transported to PSB without incident. Prior to leaving we made arrangements with one of his friends to look after his dog.

Welfare check

Officers responded to 106 W. Seltice Way “Golden Dragon” for an older male not responding in his vehicle with it running. Long story short, the male ended up being intoxicated and was taken into custody. During transport to PSB the male stopped responding to officers questions; they pulled over at the weigh station to check his status but he had passed out. Officers decided to call EMS as the male would not respond to them. The male was transported to Kootenai Health to be checked out. Officers believed this was a ruse on the male’s part to keep from being arrested. Kootenai Health cleared the male and he was transported to PSB and booked for DUI.
