**Idahovotes.gov Billboards**

The Idaho Secretary of State's office, in its continuing effort to increase statewide participation in the election, has authorized the reprinting of the 22 billboards that were originally released throughout the state earlier this month.

The new billboards will continue to direct voters to the state's information website at [idahovotes.gov](http://idahovotes.gov), where the office has always had complete information on the different ballots and locations, as well as additional links to all participating party websites.

"The overall goal of the campaign was to continue to drive people to seek information, be informed, and cast a ballot. This year's process has an increased amount of complexity, and the [idahovotes.gov](http://idahovotes.gov) website has always been and continues to be the place an interested voter can access information, regardless of their party affiliation," said Secretary of State Lawrence Denney.
