
JANET ACKERMAN NAMED SORENSEN PRINCIPAL

(COEUR D'ALENE) – Janet Ackerman will take the lead as Sorensen's Principal this fall. Ackerman has been a fifth grade teacher at Skyway Elementary school for the past five years and has lifelong experience in Music, Drama and the Arts.

Ackerman's background includes multiple administrative positions: principal of an elementary school in Fallon, Nevada and Assistant Principal at an elementary school in Bend, Oregon. Ackerman has a Masters degree in Education & Administration from Lewis & Clark College and holds State of Idaho Administrative credentials.

"We are excited for Sorensen students, parents and staff to embrace Janet's 30+ years of teaching and building administrative experience," stated Superintendent Hazel Bauman. "Jim Gray has established Sorensen Magnet School for the Arts & Humanities as a strong performing magnet school; I know Janet Ackerman's passion and energy will continue that momentum."

The position of principal at Sorensen became available when Jim Gray chose to accept the principal opening at Dalton Elementary earlier this summer.
