RE: Memorial to Otto Zehm

Dear President Cameron and Park Board Members,

I write to you today to respectfully request that the picnic shelter or similar facility in Mission Park be dedicated to the memory of Otto Zehm. The site would include a plaque with the words: "In Memory of Otto Zehm."

I have committed to making this request of you to support a desire by Mr. Zehm's mother to have her son remembered in a positive and compassionate way. Mrs. Zehm has indicated that a facility in Mission Park would be her preference, and I believe that we should strive to create a remembrance that is meaningful and appropriate for her.

It is my desire to make this request a reality as soon as possible. I respectfully ask that you add this request to your agenda for consideration as soon as practicable.

Sincerely,

David Condon
