Life, Liberty, and the Pursuit of Happiness

Republicans of Spokane County (RSC) is a grassroots Republican organization, founded in 2009. We are comprised of a diverse group of passionate individuals, including blue collar, white collar, retirees, home-makers, business owners, veterans, teachers and business leaders from a variety of industries. We believe that the "true definition" of being a Republican is too often misrepresented and needs clarifying.

We Republicans are proud to share our principles and gladly embrace the core values that we believe made our country great.

These values include, but are not limited to, the following:

- responsible financial policies
- smaller government
- individual rights
- solid family values
- our entrepreneurial spirit
- national security and public safety

We the People

As with all Republican organizations, we share similar philosophies and ideals with the official Spokane County Republican Party, while providing another avenue for people to be involved in our community, and in politics.

"It is our right, responsibility, and privilege to be informed and involved. Republicans of Spokane County gladly welcomes interested individuals to participate in our organization. We are pleased to give anyone the chance to learn more about Republican values and, hopefully, to choose to Join Us!" states Beva Miles, RSC Chairwoman.

Republicans of Spokane County meets the third Monday of every month at 6:30 pm.
