

Snapshot of Homelessness in Washington State for January 2022

Based on combined Medicaid, Economic Service, and HMIS populations

Includes service recipients and all associated household members

Supplements the Statewide Point-In-Time Count (PIT), serving Results Washington Goal 4, Section 3.1.c

TABLE 1. Summary of Unstably Housed and Homeless Persons and Households

		Level of Homelessness See definitions below			
		Homeless or Unstably Housed		Homeless Only Emergency Shelter or Unsheltered	
		NEW AND CONTINUING	NEW ONLY	NEW AND CONTINUING	NEW ONLY
PERSONS	Number of INDIVIDUALS receiving public assistance				
... in minor-only households with no members under age 12	10,059	426	37	340	23
... in minor-only households with at least one member under age 12	182	19	3	16	3
... in adult-only households with members ages 18-24	122,128	12,748	816	10,997	522
... in adult-only households with at least one member age 25 or older	905,555	107,046	4,464	91,955	2,162
... in households with a single adult and one or more minors	597,340	34,402	2,405	25,937	1,246
... in households with two or more adults and one or more minors	1,009,591	16,685	1,279	12,055	666
... in an unknown household type	12,606	231	12	168	10
TOTAL PERSONS	2,657,461	171,557	9,016	141,468	4,632
HOUSEHOLDS	Number of HOUSEHOLDS receiving public assistance	NEW AND CONTINUING	NEW ONLY	NEW AND CONTINUING	NEW ONLY
... minor-only households with no members under age 12	9,037	360	35	298	24
... minor-only households with at least one member under age 12	83	10	2	8	2
... adult-only households with members ages 18-24	120,241	12,663	810	10,929	520
... adult-only households with at least one member ages 25 or older	787,461	104,698	4,410	90,062	2,138
... households with a single adult and one or more minors	222,221	16,712	1,438	12,509	728
... households with two or more adults and one or more minors	231,104	6,510	627	4,700	303
... households with an unknown household type	12,192	211	12	153	10
TOTAL HOUSEHOLDS	1,382,339	141,164	7,334	118,659	3,725

Run Date 2022-09-02

UPDATE:

Recent changes in the methods and populations used to identify housing status resulted in significant increases in the number of individuals identified as homeless. As a result, this report is not comparable to previous Snapshots.

NOTES:

"Homeless or Unstably Housed" refers to all clients or households experiencing any homelessness or housing instability (e.g., they are literally homeless/unsheltered, receiving housing services that indicate housing instability, residing in transitional housing, or couch surfing). "Homeless Only" is a subset of the "Homeless or Unstably Housed" population and includes unsheltered clients/households who are literally homeless (i.e., lack a fixed nighttime residence, are living outside or in a shelter not fit for human habitation, or are living in emergency shelter).

"New and Continuing" refers to all clients identified as unstably housed and/or homeless in the report month. A client or household is "Newly Homeless" or "Newly Homeless or Unstably Housed" if the following apply:

- Newly Homeless: The client was homeless in the report month and either housed OR unstably housed in the prior month.
 - Newly Homeless or Unstably Housed: The client was homeless or unstably housed in the report month but was not homeless or unstably housed in the prior month.
- Note that clients may be counted in more than one category (New, Continuing, Homeless, Homeless or Unstably housed) depending on their situation, therefore adding rows or columns may generate incorrect results.

Household classification is derived from the HUD-defined categories: "Households without children," "Households with at least one adult and one child," and "Households with only children." HUD-defined household categories do not necessarily correspond to Medicaid or economic service households as defined by assistance units (AUs).

Snapshot of Homelessness in Washington State for January 2022

Based on combined Medicaid, Economic Service, and HMIS populations

Includes service recipients and all associated household members

Supplements the Statewide Point-In-Time Count (PIT), serving Results Washington Goal 4, Section 3.1.c

Data was extracted from ProviderOne, the Integrated Client Databases (ICDB), the Automated Client Eligibility System (ACES), and the Homeless Management Information System (HMIS). Disabling conditions are identified over a 36-month period prior to the report month using the following: 1) medical records available in ProviderOne; 2) disability determination data stored in ACES; and 3) assessment information obtained from DSHS' CARE database. The Department of Housing and Urban Development (HUD) defines chronic homelessness as an individual with a disabling condition who has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for a) at least 1 year or b) on at least four separate occasions in the last 3 years, where the cumulative total of the four occasions is at least one year. Mental health disorders are identified by the presence of diagnoses, psychotropic medications and/or mental health services. Substance use disorders are identified by diagnoses, procedures, prescriptions, treatment and/or arrests that reflect a possible substance use disorder. Clients may belong to more than one category of Persons or Households (row categories).

Prepared by DSHS Research and Data Analysis Division for Washington State Department of Commerce.
